Custom Income Investing

Capital Investment Advisors
client portfolios are custom
tailored to meet your risk
tolerance, income needs, time
horizons and overall objectives.

Portfolios are typically managed
with a blend of both income- and
growth-oriented investments.

Our Investment Committee

Chief Investment Officer leads team of 20 Portfolio Managers to guide allocation decisions.

Advisors use the research and insight of our in-house investment team to optimize the client's custom portfolios to help work towards the client's retirement goals.

The investment team keeps a pulse on what could impact our clients by delving into the latest market and economic movements on a daily basis.

Collaboration

The investment committee meets every other week to digest the research and insights from the investment team. This typically prompts open and frank discussions.
